BRAIN:

A JOURNAL OF NEUROLOGY,

FOR

VOL. XXVII., 1904.

INDEX OF AUTHORS.

PAGE

Allbutt, T. Clifford.
Notes on the composition of scientific papers (Review) 258

Ballance, C. A.
A case of facial palsy treated by hypoglosso-facial and gustatorio-hypoglossal anastomosis 436
A case of facio-accessory anastomosis for facial palsy, with recovery of dissociated movement 436
A case of temporo-sphenoidal abscess, with loss of the sense of smell 438

Ballance, C. A., and Ferrier, D.
Case of recovery after operation for cauda equina lesion 431

Ballance, Hamilton.
A case of facio-accessory anastomosis for facial palsy 437

Batten, F. E.
The pathology of infantile paralysis (acute anterior poliomyelitis)... 376

Batten, Rayner, and Guthrie, Leonard.
Intention tremors, most marked on right side, associated with paresis of left superior rectus muscle, dilatation and inactivity to light of left pupil, unsteadiness of gait, marked Romberg's sign, and active knee-jerks 281

Beevor, Charles E.
Pseudo-bulbar paralysis from bilateral hemiplegia 438

Beevor, Charles E., and Collier, James S.
A contribution to the study of the cortical localisation of vision. A case of quadrantic hemianopia with pathological examination ... 153

Buzzard, E. Farquhar.
Case of syringomyelia... 294

Campbell, A. W.
Histological studies in cerebral localisation 148

Cappelletti, Luigi.
La nevrasthenia (Review) 603

PAGE

Cheatle, L., and Stewart, Purves.
Case of facio-hypoglossal anastomosis 437

Church, Archibald, and Peterson, Frederick.
Nervous and mental diseases (Review) 276

Clarke, J. Michell.
On the spinal cord degenerations in anæmia 441

Collier, James S.
The effects of total transverse lesion of the spinal cord in man ... 38
The false localising signs of intracranial tumour... 490

Collier, James S., and Beevor, Charles E.
A contribution to the study of the cortical localisation of vision. A case of quadrantic hemianopia with pathological examination ... 153

Collier, James S., and Turner, W. Aldren.
Intramedullary abscess of the spinal cord. An account of three cases 199

Colman, W. S.
Case of myasthenia gravis with prominent bulbar symptoms ... 434

Crouzon, O.
Des scléroses combinées de la moëlle (Review) 252

Dubois, Dr.
Les psychonévroses et leur traitement moral (Review) 592

Edinger, Ludwig.
Vorlesungen über den Bau der nervösen Zentralorgane des Menschen und der Thiere. 7th edition, vol. i. (Review) 597

Ferrier, David.
Amyotrophic lateral sclerosis (upper arm type) 290
Progressive muscular atrophy (? early tabes dorsalis) 290

Ferrier, D., and Ballance, C. A.
Case of recovery after operation for cauda equina lesion 431

Ferrier, D., and Horsley, Victor.
Case of recovery after operation for tumour of cauda equina ... 432

Fisher, J. Herbert.
Ophthalmological anatomy, with some illustrated cases (Review) ... 279

Gardner, Eric, and Head, Henry.
Tremor in a case of family spastic paralysis 282

Griffith, F., and Warrington, W. B.
On the cells of the spinal ganglia and on the relationship of their histological structure to the axonal distribution 297

Gowers, W. R.
Lectures on diseases of the nervous system (Review) 256

Guthrie, Leonard, and Batten, Rayner.
Intention tremors, most marked on right side, associated with paresis of left superior rectus muscle, dilatation and inactivity to light of left pupil, unsteadiness of gait, marked Romberg's sign, and active knee-jerks 281

Harris, Wilfred.
Binocular and stereoscopic vision in man and other vertebrates, with its relation to the decussation of the optic nerves, the ocular movements, and the pupil light-reflex 107
Case of familial tremor 288
Case of syringomyelia 295

PAGE

Head, Henry.
A case of advanced peroneal atrophy 292
A case of atrophy of the lower portion of the trapezius 293
A case of peroneal muscular atrophy 291
Muscular wasting from brachial neuritis 292
Tremor from a lesion, possibly of optic thalamus 284
Widespread muscular wasting of both upper extremities, with increased knee-jerks and flexor toe response 289

Head, Henry, and Gardner, Eric.
Tremor in a case of family spastic paralysis 282

His, Wilhelm.
Die Entwicklung des menschlichen Gehirns während der ersten Monate (Review) 424

Holmes, Gordon.
On certain tremors in organic cerebral lesions 327

Holmes, Gordon, and Stewart, T. Grainger.
Symptomatology of cerebellar tumours. A study of forty cases ... 522

Horsley, Victor, and Ferrier, D.
Case of recovery after operation for tumour of cauda equina ... 432

Johnston, George.
A case of (?) paralysis agitans with intention tremor 287

Lewis, Thomas.
Note on a case of defective development of the lateral cerebellar lobes in a dog 84

Mackay, H.
On so-called facial hemi-hypertrophy 388

Möbius, P. J.
Die Migräne (Review) 255

Ormerod, J. A.
Early syringomyelia (?) or neuritis 293

Orr, David, and Rows, R. G.
System lesions of the posterior columns in general paralysis, and their bearing on the point of origin of tabes dorsalis 460

Peterson, Frederick, and Church, Archibald.
Nervous and mental diseases (Review) 276

Pini, P.
L'Epilessia (Review) 602

Reynolds, Ernest S.
Some cases of family disseminated sclerosis 163

Rows, R. G., and Orr, David.
System lesions of the posterior columns in general paralysis, and their bearing on the point of origin of tabes dorsalis 460

Russell, J. S. Risien.
Case of pseudo-bulbar paralysis (double hemiplegia) 439

Sharkey, Seymour J.
Hysteria and neurasthenia 1

Starr, M. Allen.
Organic nervous diseases (Review) 595

PAGE

Stewart, Purves.
Unilateral congenital lesion of medulla and spinal cord; death from pontine hæmorrhage 89

Stewart, Purves, and Cheatle, L.
Case of facio-hypoglossal anastomosis 437

Stewart, T. Grainger, and Holmes, Gordon.
Symptomatology of cerebellar tumours. A study of forty cases ... 522

Still, G. F.
Case of ataxia 285

Stoddart, W. H. B.
A study of the emotions 509

Strong, C. A.
Why the mind has a body (Review) 270

Taylor, James.
A case of "subacute combined sclerosis," with profound anæmia ... 27
Cases of tremor 281

Turnbull, Hubert, M.
Bilateral loss of postcentral cortex, apparently congenital, in an adult 209

Turner, John.
On the primary staining of the rat's brain by methylene blue ... 64

Turner, W. Aldren, and Collier, James S.
Intramedullary abscess of the spinal cord. An account of three cases 199

Toulouse.
Technique de psychologie experimentale (Review) 429

Warrington, W. B., and Griffith, F.
On the cells of the spinal ganglia and on the relationship of their histological structure to the axonal distribution 297

Weber, F. Parkes.
Fæcal vomiting and reversed peristalsis in functional nervous (cerebral) disease: a summary of cases and conclusions ... 170

Williams, Leonard.
Generalised tremor associated with tabes 286
Tremor of unusual distribution associated with Parkinson's disease 286

Wilson, Albert.
Progressive muscular atrophy with arthritic changes 435

INDEX OF SUBJECTS.

PAGE

Abscess, intramedullary, of spinal cord. An account of three cases. W. Aldren Turner and J. S. Collier 199
temporo-sphenoidal, with loss of sense of smell. C. A. Ballance ... 438

Amyotrophic lateral sclerosis (upper arm type). D. Ferrier 290

Anæmia, profound, with "subacute combined sclerosis." James Taylor 27
spinal cord degenerations in. J. Michell Clarke 441

Anastomosis, facio-accessory, for facial palsy. C. A. Ballance ... 436
facio-accessory, for facial palsy. Hamilton Ballance 437
facio-hypoglossal, for facial palsy. P. Stewart and L. Cheatle ... 437
hypoglosso-facial and gustatorio-hypoglossal, for facial palsy. C. A. Ballance 436

Anatomy, ophthalmological, with some illustrated cases. J. Herbert Fisher 279

Annali della clinica delle malattie mentali e nervose della R. università di Palermo. Vol. II. (Review) 603

Artery, anterior spinal, thrombosis of, in acute anterior poliomyelitis. F. E. Batten 376

Ataxia, case of. G. F. Still 285

Axonal distribution, cells of the spinal ganglia and relationship of their histological structure to. W. B. Warrington and F. Griffith ... 297

Brain, development of the human, during the first month. Wilhelm His (Review) 424
of rat, on primary staining of, by methylene blue. John Turner ... 64

Cauda equina, operation for lesion of, recovery. D. Ferrier and C. A. Ballance 431
operation for tumour of, recovery. D. Ferrier and V. Horsley ... 432

Cerebellar lobes, defective development of, in a dog. Thomas Lewis ... 84

Cerebellar tumours, symptomatology of. T. Grainger Stewart and Gordon Holmes 522

Cerebral lesions, on certain tremors in organic. Gordon Holmes ... 327
localisation, histological studies in. A. W. Campbell 148

Circus movement, relation to lateral lobes of cerebellum 88

Congenital, bilateral loss of postcentral cortex in an adult. Hubert M. Turnbull 209
unilateral lesion of medulla and spinal cord. Purves Stewart ... 89

Cortex, postcentral, bilateral loss of, apparently congenital, in an adult. Hubert M. Turnbull 209

Cortical localisation of vision. Case of quadrantic hemianopia with pathological examination. C. E. Beevor and J. S. Collier ... 153

Degenerations, spinal cord, in anæmia. J. Michell Clarke 441

Disseminated sclerosis, some cases of family. Ernest S. Reynolds ... 163

Emotions, a study of the. W. H. B. Stoddart 509
Monakow's bundle, the motor element of 515

PAGE

Epilessia. P. Pini (Review) 602

Facial hemi-hypertrophy, on so-called. H. MacKay 388
palsy treated by facio-accessory anastomosis. C. A. Ballance ... 436
palsy treated by facio-accessory anastomosis. Hamilton Ballance ... 437
palsy treated by facio-hypoglossal anastomosis. P. Stewart and L. Cheatle 437
palsy treated by hypoglosso-facial and gustatorio-hypoglossal anastomosis. C. A. Ballance 436

Fæcal vomiting and reversed peristalsis in functional nervous (cerebral) disease. F. Parkes Weber 170

Familial tremor, case of. Wilfred Harris 288

Family disseminated sclerosis, some cases of. Ernest S. Reynolds ... 163
spastic paralysis, tremor in a case of. H. Head and E. Gardner ... 282

Functional nervous disease, fæcal vomiting and reversed peristalsis in. F. Parkes Weber 170

Ganglia, spinal, on the cells of the, and relationship of histological structure to axonal distribution. W. B. Warrington and F. Griffith 297

General Paralysis, system lesions of posterior columns in, their bearing on the point of origin of tabes dorsalis. D. Orr and R. G. Rows 460

Golgi nets in rat's brain stained by methylene blue 78

Hæmorrhage, pontine, unilateral congenital lesion of medulla and spinal cord, death from. Purves Stewart 89

Hemianopia, quadrantic, case of, with pathological examination. C. E. Beevor and J. S. Collier 153

Hemihypertrophy, facial, on so-called. H. Mackay 388

Hemiplegia, bilateral, with pseudo-bulbar paralysis. C. E. Beevor ... 438
double, with pseudo-bulbar paralysis. J. S. Risien Russell ... 439

Hypoglossal nerve, right, congenital absence of 95

Hysteria, neurasthenia and. S. J. Sharkey 1

Infantile paralysis, the pathology of. F. E. Batten 376

Intracranial tumour, false localising signs of. J. S. Collier 460

Jahresbericht über die Leistungen und Fortschritte auf dem Gebiete des Neurologie und Psychiatrie. Jahrgang. VI. und VII. (Review) 428, 429

Knee-Jerks, return of, after faradisation in total transverse lesion of spinal cord 51

Localisation, cerebral, histological studies in. A. W. Campbell ... 148
cortical, of vision, case of quadrantic hemianopia with pathological examination. C. E. Beevor and J. S. Collier 153

Medulla and spinal cord, unilateral congenital lesion of. Purves Stewart 89

Mental and nervous diseases. A. Church and F. Peterson (Review) ... 276

Methylene blue, on primary staining of the rat's brain by. John Turner 64

Migräne, die. P. J. Möbius (Review) 255

Mind, why the, has a body. C. A. Strong (Review) 270

Moëlle, scléroses combinées de la. O. Crouzon (Review) 252

Monakow's bundle, motor element of emotion 515

Muscles in total transverse lesion of spinal cord 44

PAGE

Muscular atrophy of lower portion of trapezius. H. Head 292
atrophy, peroneal. H. Head 291
atrophy, peroneal, advanced. H. Head 292
atrophy, progressive (? early tabes dorsalis). D. Ferrier 290
wasting, from brachial neuritis. H. Head 292
wasting of both upper extremities with increased knee-jerks and flexor toe response. H. Head 289

Myasthenia gravis, case of, with prominent bulbar symptoms. W. S. Colman 434

Nervösen Zentralorgane, Vorlesungen über den Bau der, Vol. I. L. Edinger (Review) 597

Nervous and mental diseases. A. Church and F. Peterson (Review) ... 276

Nervous diseases, organic. M. Allen Starr (Review) 595

Nervous system, lectures on diseases of the. W. R. Gowers (Review) 256

Neurasthenia, hysteria and. S. J. Sharkey 1

Neuritis, brachial, muscular wasting from. H. Head 292

Neurological Society, proceedings of 148, 281, 289, 431, 604

Neurologie und Psychiatrie, Jahresbericht über. Jahrgang. VI. und VII. (Review) 428, 429

Nevrasthenia. L. Cappelletti (Review) 603

Ocular movements, relation to binocular and stereoscopic vision, decussation of optic nerves, and pupil light reflex. Wilfred Harris . . 107

Optic nerves, decussation of, relation to binocular and stereoscopic vision, ocular movements, and pupil light reflex. Wilfred Harris 107
thalamus, tremor from possible lesion of. H. Head 284

Paralysis agitans, case of, with intention tremor. G. Johnston ... 287
family spastic, tremor in a case of. H. Head and E. Gardner ... 282
infantile, the pathology of. F. E. Batten 376
pseudo-bulbar (double hemiplegia). J. S. Risien Russell 439
pseudo-bulbar, from bilateral hemiplegia. C. E. Beevor 438

Parkinson's disease, tremor associated with. L. Williams 286

Pathology of infantile paralysis (acute anterior poliomyelitis). F. E. Batten 376

Peristalsis, reversed, and fæcal vomiting in functional nervous (cerebral) disease. F. Parkes Weber 170

Poliomyelitis, acute anterior infantile, pathology of. F. E. Batten ... 376

Posterior columns, system lesions of, in general paralysis, their bearing on the point of origin of tabes dorsalis. D. Orr and R. G. Rows 460

Progressive muscular atrophy (? early tabes dorsalis). D. Ferrier ... 290
muscular atrophy with arthritic changes. Albert Wilson ... 435

Psychologie, experimentale, technique de. Toulouse (Review) ... 429

Psychonévroses les, leur traitement moral. Dr. Dubois (Review) ... 592

Pupil light reflex, relation to binocular and stereoscopic vision, decussation of optic nerves and ocular movements. Wilfred Harris ... 107

Quadrantic hemianopia, case of, with pathological examination. C. E. Beevor and J. S. Collier 153

Reflexes in total transverse lesion of spinal cord 48

Rubro-spinal tract, tremor in lesion of 362

Scientific papers, notes on the composition of. T. Clifford Allbutt (Review) 258

Scléroses combinées de la moëlle. O. Crouzon (Review) 252

PAGE

Sclerosis, amyotrophic lateral (upper arm type). D. Ferrier ... 290
combined subacute, with profound anæmia. James Taylor ... 27

Sensibility in total transverse lesion of spinal cord 44

Spinal accessory nerve, right congenital absence of 101

Spinal cord and medulla, unilateral congenital lesion of. Purves Stewart 89
degenerations in anæmia. J. Michell Clarke 441
des scléroses combinées de la moëlle. O. Crouzon (Review) ... 252
intramedullary abscess of, an account of three cases. W. Aldren Turner and J. S. Collier 199
system lesions of the posterior columns in general paralysis, their bearing on the point of origin of tabes dorsalis. D. Orr and R. G. Rows 460
total transverse lesion of, effects of. James S. Collier 38

Spinal ganglia, on the cells of the, and relationship of their histological structure to axonal distribution. W. B. Warrington and F. Griffith 297

Subacute combined sclerosis, with profound anæmia. James Taylor ... 27

Syringomyelia, case of. E. F. Buzzard 294
case of. W. Harris 295
neuritis or early. J. A. Ormerod 293

Tabes dorsalis, system lesions of the posterior columns in general paralysis, their bearing on the point of origin of. D. Orr and R. G. Rows 460

Tabes, generalised tremor associated with. L. Williams 286

Temporo-sphenoidal abscess with loss of sense of smell. C. A. Ballance 438

Thrombosis of anterior spinal artery, in acute anterior poliomyelitis. F. E. Batten 376

Tract, rubro-spinal, tremor in lesion of 362

Trapezius, innervation of 101

Tremor, case of familial. Wilfred Harris 288
cases of. James Taylor 281
from lesion, possibly of optic thalamus. H. Head 284
generalised with tabes. L. Williams 286
in a case of family spastic paralysis. H. Head and E. Gardner ... 282
intention, of right side, with paresis of left superior rectus, &c. L. Guthrie and R. Batten 281
intention, with (?) paralysis agitans. G. Johnston 287
Parkinson's disease with. L. Williams 286

Tremors, on certain, in organic cerebral lesions. Gordon Holmes ... 327

Tumour, intracranial, the false localising signs of. J. S. Collier ... 460

Tumour of cauda equina, operation, recovery. D. Ferrier and V. Horsley 432

Tumours, cerebellar, symptomatology of. T. Grainger Stewart and Gordon Holmes 522

Vision, binocular and stereoscopic, relation to decussation of optic nerves, ocular movements, and pupil light reflex. Wilfred Harris 107
cortical localisation of. Case of quadrantic hemianopia with pathological examination. C. E. Beevor and J. Collier 153

Vomiting, fæcal, and reversed peristalsis in functional nervous (cerebral) disease. F. Parkes Weber 170

William Pepper Laboratory of Clinical Medicine, contributions from, 1903 (Review) 596
